

SONOMA STATE UNIVERSITY

SCHOOL OF SCIENCE & TECHNOLOGY HEALTH PROFESSIONS ADVISORY PROGRAM

The Health Professions Advisory Program at Sonoma State University is an advising and support system for undergraduate and post-baccalaureate students preparing for careers in various health professions, including:

- **Medicine**
 - **Allopathic Medicine**
 - **Chiropractic Medicine**
 - **Osteopathic Medicine**
 - **Podiatric Medicine**
- **Dentistry**
- **Optometry**
- **Pharmacy**
- **Physician Assistant Program**
- **Veterinary Medicine**

Note: Advising for Nursing and Physical Therapy are provided by the Depts of Nursing and Kinesiology, respectively.

Services available through this advisory program include:

- Academic advising specific to the student's chosen health professions field
- Providing health professions general information and a guest speaker series
Science 150: Introduction to Careers in the Health Professions (1 unit)
- Resources and information about health care fields, professional school programs, and various admissions criteria
- Guidance with the application process
- Mock application service and interview preparation
- Committee letter of recommendation containing an evaluation of the candidate

For further information about HPAP and its activities, visit the SSU Health Professions Advisory Program's webpage at <https://scitech.sonoma.edu/hpap>.
