Semester Credit Hours and GPA Calculation:

Using the grades entered above, use the following instructions to calculate your GPA. Determine the Grade Point for each Letter Grade **(Letter to Grade Point Conversion: A 4.0, A- 3.7, B+ 3.3, B 3.0, B- 2.7, C+ 2.3, C 2.0, C- 1.7, D+ 1.3, D 1.0, D- 0.7, F 0.0)**. Multiply that Grade Point by the number of Semester Units to get the Weighted Grade Point for each course. Add the Weighted Grade Point for all of the courses in the specific category in which you are trying to generate a GPA, and then divide by the total number of units from those courses.

If you have courses from a school that is on the quarter system, convert the quarter units to semester units by multiplying the quarter units by .667 and round to one decimal place.
