

Physical Science Teach-Out Advising Plan

Introduction

The Physical Science major and minor are being discontinued after Spring 2027. The links below will send you to the appropriate place in the document to view courses.

Advising for All Physical Science Majors:

Physical Science majors will be given *priority registration* for Fall 2025 and Spring 2026. Review your ARR before registration begins. If you have questions about what you need to take, please meet with your advisor early.

- CHEM/PHYS 107 will not be offered in AY25/26 or AY26/27. If you need this course, work with your advisor to make a substitution.
- Students with a concentration in Teaching will also need to make substitutions for GEOL 107 and GEOL 110 if those have not been completed.
- Lower division BIOL, CHEM, PHYS, MATH, and CS will continue to be offered, as will EDSS 410, and can be taken in AY25/26 or AY26/27.
- Upper division core PHYS 340 will only be offered in Spring 2026 ([see table below](#)) and must be taken in that semester.

Upper Division Physics Teach-Out Schedule

Fall 2025
